April 28, 2011

The faculty, staff, and students of the Alan G. MacDiarmid NanoTech Institute at The University of Texas at Dallas welcome the 2011 class of NanoExplorers. We had over 130 highly qualified applicants this summer. These applications were carefully reviewed by a panel of mentors. Those chosen to participate are listed below. Accepted applicants will receive a letter in the coming week that gives further instructions for participating in the program. We thank everyone who applied for their interest in our program.
