April 23, 2014

The faculty, staff, and students of the Alan G. MacDiarmid NanoTech Institute at The University of Texas at Dallas welcome the 2014 class of George A. Jeffrey NanoExplorers. We had almost 200 highly qualified applicants this summer. These applications were carefully reviewed by a panel of mentors and applicants were ranked based on the strength of their applications, recommendations, and fit within available research programs. Those invited to participate are listed below. Invited applicants will receive a letter in the coming week that gives further instructions for participating in the program. We thank everyone who applied for their interest in our program.

Aayush Goyal
Alex Spiride
Alexander Lu
Andrew Chuka
Anjali Sridharan
Annesha Dutta
Arav Arora
Areeba Khwaja
Avinash Baskaran
Ayaz Hafiz
